

2017 Taiwan Semiconductor and Electronic Equipment /Component Seminar and Matchmaking

Date: November 15th, 2017

Time: 15pm~17:30pm

Venue: Messe München, B21 conference room

Sponsor:

經濟部國際貿易局
Bureau Of Foreign Trade

Organizer:

中華民國對外貿易發展協會
TAIWAN EXTERNAL TRADE DEVELOPMENT COUNCIL

SILICON
EUROPE
W O R L D W I D E

Schedule

Seminar	
14:40-15:00	Registration
15:00-15:05	Opening Remark - TAITRA/Silicon Europe Worldwide
15:05-15:10	Semiconductor Industry in Taiwan (by ASE Group)
15:10-15:20	"Silicon Europe - your connection to innovative European SMEs" Nadja Dehne, Manager of International Affairs, Silicon Saxony
15:20-15:35	Taiwan Companies Introduction
15:35-15:45	European Companies Introduction
15:45-15:55	Break
Business Matchmaking/Networking	
16:00~	Business Matchmaking/networking

Taiwan Delegation To SEMICON Europa –meet them at seminar/matchmaking event!

Company Name	Website	Introduction	Delegate	Product
ASE Group	www.aseglobal.com	The ASE Group is the world's largest provider of independent semiconductor manufacturing services in assembly and test.	Director	Semiconductor manufacturing services in assembly and test
Atecom Technology Co.,Ltd	www.atecom.com.tw	Atecom Technology Co., Ltd is the leading manufacturer and supplier of semiconductor materials in Taipei, Taiwan. The company has a long and well established history in the manufacture of Silicon semiconductor materials.	Sales Director	Silicon Wafer
Hortech Company	hortek.com.tw	Hortech has been awarded as the No.1 lead in laser micro-machining system integrator in Taiwan, and our focus is on laser processing technology with patents for mechatronic automation.	President	Laser System
Link Upon Advanced Material Corp	www.linkupon.com	We mainly provides plastic screws, nuts, CNC process, and injection for including variety of advanced engineering plastics, such as PEEK, PBI, POM, PI, PAI, PEI, PES, LCP, and PPS, etc. For special request, we can support material solution and CNC machining or injection process depends on customer's needs.	Sales Manager	Engineering plastic screw, nut, washer (PEEK,PVDF,PPGF,PPS,TPI), PAEK Cable, Roller Bearing , BUSH, Semi-parts, Machined Parts
OpenATE Inc	www.openate.com	OpenATE, an expert supplier of PXI modules for full line testing of logic ICs, focuses on product specifications, the key functions of each module, and the convenience of our users.	CEO	IC Test Module 、Semi Test System
YPCloud Inc	www.ypccloud.com	YPCloud is a world-class cloud computing platform company providing MoteMsg Cloud Platform to the world. ANY IoT Solution and Cloud Services are the most innovative and dependable cloud services that you can rely on.	Sales Manager	MoteMsg Cloud Platform
Chuan Yao Machinery Co., Ltd.	www.chuanyao.com.tw	Chuan Yao Machinery, a Taiwan SME specialized in customized metal working made of aluminium, steel and stainless steel offers realization of production orders from prototype construction up to complete assembly in small batches for different industrial co-operation partners.	Sales Manager	Precision metal parts, module, jig and fixture manufacturing
Pin Shine Industrial Co., Ltd.	www.pinshine.com	We have precision mold design, mold fabrication In-mold pinning, composite material injection molding, precision metal stamping, metal plating, OFC, and zinc / aluminum die-casting.	Manager	Plastic injection Parts Application: Lighting, power supply (transformer), industrial electronics, communication, and automotive electronics etc.
PRECO CORP.	www.actuators.com.tw	For more than 40 years in the design and manufacturing of the automation and machine tools, Preco Corp. is Specialized in the Rotary Motion Units and Linear Motion Units. All of these units are designed with CAD and infinite analysis by CAE, wide applied in the automated industries and semiconductor manufacturing.	President	Actuators for Automation/Hollow Rotary Actuators,Cross roller Bearings
National Cheng Kung University (NCKU)	Under Construction	The technology of nano-scaled inspection for product quality and yield rate has become more and more important. One of the technology—liquid sample inspection, is especially difficult for the sample scales are getting smaller and smaller.	CEO	liquid sample inspection at nano scale/Intelligent In-line liquid sample Inspection E-beam System
